The Always H.O.P.E. Initiative Letter

Dear Hope Ambassador,

I trust this letter finds you well. I would like to first begin by saying, "Thank you for what you do for your community and how you have reached out to HOPE IN DARKNESS GLOBAL FOUNDATION." We are honored to serve!

We believe in implementing non traditional methods to invite **hope** in dark situations for those experiencing hopelessness. We are adamant about mental health and well-being. Our major disciplines are depression & suicide. According to World Health Organization (WHO), 350 million people are affected with depression and 800,000 are plagued by suicide in this world. In Georgia alone, one person dies by suicide every six hours being the 10th leading cause of death, according to the American Foundation for Suicide Prevention (AFSP).

Hope In Darkness Global Foundation focuses on a person's mental health by fighting against depression & suicide. We will help you and your group to better assess, equip & assist? Bring our Always H.O.P.E. Initiative to your City, State, or Country! We have attached the flyer along with a synopsis of our ministry.

We would love to come in and share with your group of 50 or more. Our fee is very affordable and varies pertaining to travel/hotel accommodations, group size, & your budget. Dates will be filling up quickly. Please reach out to us to secure a date.

Again, thank you and may the Lord richly bless you.

Sincerely,

Dr. Angela D. Stanley
